FS32: Flexible and rugged, waterproof safety boot. It has a fully padded collar and gusseted tongue with soft mesh comfort lining and removable insole. The locked-in lacing system provides a secure fit. Features a pull-on tab at the back for ease of change. It has an impact and compression resistant steel toe cap with protective PU textured toe guard and a penetration resistant steel midsole. Crafted with a water-resistant leather upper with inner waterproof liner. Shock absorbing heel with PU heel guard. The oil-resistant rubber/phylon sole has deep grooves which channel away fluids giving top SRC slip-resistance.
